**Subject:** DRAFT, DELIBERATIVE - Updated PCB Emissions Doc for Riverside Ag. Park  
**Attachments:** Procedures to calculate PCB emissions in Riverside Ag Park-9-21-16.pdf

Attached is an updated version of the methodology for estimating PCB emissions from Riverside Ag. Park. Please let us know if you would like any follow-up discussion on it before we begin baseline scenario modeling.

I also need to correct a mis-statement I made yesterday: The outliers we discussed were **included** in the average emissions in the document. So those numbers remain unchanged in the updated version attached.

Regards,  
John
